

Special Olympics Kansas is opposed to a national do-not-call registry without an exemption for DialAmerica's Sponsor Sales Program. Each year DialAmerica's Sponsor Sales Program donates \$25,000 or more to Special Olympics Kansas with NO expense to the program. It would be extremely difficult to replace this income. Furthermore, DialAmerica's Sponsor Sales Program provides public education and awareness at no cost to Special Olympics Kansas and with no investment of staff time. Special Olympics Kansas urges that there be a clear exemption for DialAmerica's Sponsor Sales Program in the proposed national do-not-call registry.
